

1 John - Commentaries by Stephen A. Rule

St. Louis Conference: 2013, You and I Are Dirty. Jesus's Blood Cleans Us (1:7)

Children—Stephen Rule

You ready to sing? Are you ready? Good. Who? What number would you like? #16 You can choose from anywhere. The ones on the back are the Sunday school songs, but they're all good songs. I might shorten some of them so other people get a chance to sing and somebody else better start these. I think I know the tunes, but it'll either be way too low or way too high, so somebody else will do a lot much better job starting #16. And the proclamation of A. Loving puppet. Also wonderful. And surviving. Wilma. Good call number 11 and we'll sing the first and last stanzas of #11. Air all in the storms of light, when the clouds are full, their wings are stride when the strong light flip and the cable string regurator boyfriend remains. We have a curve that we cannot take off. Some of you noticed that some things change with time, don't they? Including song sheets. We'll talk about something later on that never changes. Who else has one you'd like to sing? OK, we'll get to you. Just in a minute. Adrian, what's yours? 14 Oh good, I was going to give that out later. You saved me the trouble. And Adrian? We'll do 14, the first and last verses, and yours is 3838. We'll do the first and last, first two and that we'll see. We'll start with 14, the first and last verse.

When the bridegroom cometh, where your blood be white, your unwind in the Lord. Raise your soul, be ready more than I can't bright and be washed in the blood of the land. Are you lost in the blood on the line? #38 the first and last verses. One more and I'd like it to be from a girl because I don't know that they've chosen you. I'm sorry. Maybe we'll get one at the end. That's no girl has one. You're looking OK. We'll give you a second there. Go ahead, you know #30 and we'll sing the first and last verse on that one too #30. Will not take me. To my favorite. 'Cause I want a sin of it, we think we will not take me. In the blood and die for me.

Enterprise will take me. See Butterfly Lantern. To make my friend. How long can save me? OK. Who of you has a verse that you'd like to say? I won't make anybody obligated. Sometimes it's kind of a little embarrassing in front of everybody else, but you'll have the chance. We'll just would you like to stay in the microphone? OK, If I can make it work here. Umm. Lord of Jesus Christ. First, on one second the blood of Jesus Christ his Son, cleanses us from all sin. First John 1/7 Thank you. The blood of Jesus Christ, his Son, cleanses us from all sins. First John 1/7. The blood of Jesus Christ cleanses his Son, cleanses us from all sin, first on one second. The blood of Jesus Christ, his Son, cleanses us from all sin. First John 1/7. The blood of Jesus Christ, his Son, cleans us from our sins. First. John 1/7. Over here, OK. The blood of Jesus Christ's Son cleanses from all sins. First John 1/7. But if we walk in the light as He is in the light, we will fellowship one with another. The blood of Jesus Christ His Son cleanseth us from all sin. First John 1/7. The blood of Jesus Christ, His Son, cleanseth us from all sin. Verse John 1/7. The blood of Jesus Christ, guards and his Son planted us from all sins, Blessed John 1/7. The bloody Christ his unclean enough for all sin for 717 good. Thank you. OK. And one person that said the whole verse, You know what I'd like to do this morning in the half hour that we have, I'd like to do something they suggested we do yesterday. Yesterday in the afternoon, we were told we should have an outline of things. So I'd like to give you 4 important points, kind of like an outline of the whole chapter where that verse comes from. That sound like a little bit much, but we'll make them four simple things I think that are important, and I think they're important for all of us. So we'll look at four things. If you want to turn in your Bible, we'll pretty much stay in first, John. And the first chapter, that's where you quoted from. And we'll start with the 1st 4 verses. But I won't read the mall here, we'll just read. The first verse for starters, first John one, and the first verse, that which was from the beginning, which we have heard, which we have seen with our eyes, which we have looked upon and our hands have handled of the word of life before we talk about what this first part means. I want to help us understand from things we already understand, so I brought a picture. And we have a bigger one at home, but I was afraid of getting it damaged, so I'll just let you see it real quick. See that picture? Got it. See that picture? All right, And you can see it. The rest, everybody else just has to believe me. You got it there, right? We have a big one at home. We just got it about a week or two ago, and it's 2 feet tall and it's almost three feet wide of the same thing because it's something we want to be reminded of. And it has a nice verse. All things were made by Him. It says on this one, The one we got on our wall has a different verse about the Lord's love. But what did you see in that picture?

I showed it to you really quick, didn't I? Oh boy, you saw a boy. What else did you see in the picture? OK boy, picking up a rock or a shell, what does he have in his hand? A stick? What else do you see in the picture? Do you see one something in the picture? A beach? Yeah, there is a beach in there. And there's lots of other things. Tell me one more thing you see in the picture, Adrian. You see sand. OK, you know, and I'll give you a chance. Great sand. Do you know what those are? Those are footprints. Yeah, that's right. Those are footprints of a bird. You know, this is a picture from something our family really enjoys doing. And I wanted to teach you just so Well, you don't need to know about our family, but I want you to think about your family. There are things about your family that are true about your family that I don't know. There's lots about your family. You know, families have special things. We have some special words in our family. That don't exist in the dictionary. They mean something in our family. But I I went through the list of these special words and I couldn't find one that wouldn't be embarrassing. So you don't get to hear them. But there is one special word that I I laughed harder than I've ever laughed in my life about this one special word. And it is a real word. How many of you in the room we were reading a book by John Bunyan as a family. And I burst out laughing and I laughed and I laughed and I laughed. When I read this one word, how many of you know what the word guardilou means? How many? Raise your hand in the room. This includes all of you adults. Do you know what the word gardilou means? OK, now I know somebody with a smartphone will probably look it up in the next 5 seconds. But that word has a special meaning in our family, at least to some of us. And you don't know what it is. So you you don't even know what the word is unless you're looking it up in the last few seconds. That has a special meaning. And you would have to be part of the family to know what that word means. Any of you and your family have a special? Word or two. You don't have to say what it is, but raise your hand if you think in your family there's a word or two that gives you that nobody else outside your family would know. OK, I would. Can I ask you what it is? Or is that, uh, I'm not telling what our words mean so you don't have to say. OK, there you go. There's a word that was special, the Highland family. Do you have one? You want to say what it is? No. OK, that's fine. I understand that completely. All right. And we have a special names too. There are names. There's names in our family that in

fact, I have a little notebook, it's smaller than this. And on one page of it I have over 35 names that we've called our son. Over 35 Now, how many of you have a name that's not written down on your birth certificate that your parents use for you? OK, how many in the room get called something by a family member? That's nice. That's not written on your birth certificate. Just, well, no, not just about it. I'm surprised. Wow. There's lots of families just a little different than ours, I guess. You know, my birth certificate has a name on it and it tells who my parents. I made a photocopy. It tells who my parents are and how old they were when I was born. I didn't know that was on there. And it even tells I didn't know this. I suspect my parents don't know or forgot. Do you know when I was born? What time? 549 PMI didn't know that until I made a copy. You know there are things that are special to your family. That just make it a little a little nicer to be part of that family. You know, this picture, there's animal tracks and there's just all kinds of memories that come back. And so we got a big one with a different verse to put it on the wall in our room to remind ourselves of it. And how many of you can hear in this picture? Can you hear the seagulls? Paul says yes. Can I know the rest of you here? The seagulls? I can hear the seagulls when I look at this picture. Can you feel what the temperature is like? You know, whether it's hot or cold when you look at the picture?

You could start to guess he's got a coat on. It was a little bit chilly and it's kind of a misty morning, but to know all about it, I'd have to sit down and tell you. And that's not worth our time, is it? But the start of this chapter, what does God want you to know about? In fact, it says which we have heard. I can look at that picture and I can hear something he's saying which we have heard, which we have seen with our eyes. Which our hands have handled. How many of you have shaken my hand? OK, some of you. How many of you have never shaken my hand? I'm sorry. Ahead of time. No, I haven't been friendly. There's some of you. I've never. But this one person was writing about somebody that they had touched. In fact, how many of you have snuggled up next to me and put your head on my chest? Oh yeah. There are two legitimate hands that I can see, maybe four in the hand the person writing. Doing this had put his head on the chest of the person he was writing about. Who was he writing about? Who is he writing about? Jonathan. So Lord Jesus, he was writing about the Lord Jesus and he said here's a person and I've touched him. He's not just a spirit up in heaven that people talk about. I've touched him. And I want you to know about him because his life is so special and you're going to share it too. And you need to know special things about this family. You know, you don't need to know about my family. You don't need to know what State Park that is and what state it's in and what kind of birds I was hearing and all. That's not important. But you do need to know about this family because I hope that all of you belong to that family. What family are we talking about? For family. In the verses in first John, I mean what family is that talking about in the first few verses? A little bit extra help. OK, talking about God's family and there's a special life that everybody in that family shares, and it was shown in the Lord Jesus. You know, if you want to know more about that life, what that family is all about, you have to open up this book because it says in verse four and these things right we unto you, that your joy may be full. Can you see a photograph of the Lord Jesus? How many of you think that you could open up a Bible that was big enough and you'd find a photograph of him in there? How many think I'm being silly when I say that? You think I'm being silly? Yeah, you can't. But you know what? I showed you a photo. But God gave us words, and in those words he tells us just a little bit of what we need to know. No, that your joy may be full. I've told you everything you need to know to enjoy the Lord Jesus. That's the first part of our chapter. Now the second part of our chapter. What do I have in this box? You don't know nothing. Good guess you know that's not right though. There's something in this box, you know, but it's in darkness. There is maybe a little bit of light sneaking in the top. How many of you think you could peek in and tell everybody else what's in the box? All right, you want to peek in and tell everybody else what's in the box. You can't see, there's an opening, but there's no light inside. It's dark in there. And you know what? This whole world was in darkness. They didn't really know what the Lord Jesus was like, but God sent His Son so that you could know him. And when God turned on the lights, read verse five, it says this sent is a message that we have heard of him. And declare unto you that God is light. And in him is no darkness at all. How many of you are glad that God is light? Good. If you know why you're raising your hand, that's a wonderful thing. But I wanna show you what's in this box, and this belongs to me. This is some of my clothing.

And I'm going to show you a little bit of my clothing. First. I need to tell you that on Thursday I was walking along a. Stream bed and kind of hopping back and forth. Part of the stream was frozen and part of it wasn't. So you had to walk real carefully as I went along the stream bed and I was wearing this clothing that day. What do you think I've got in the box? Should we bring it out? And do you think you know, OK, what is it? Maybe some wet clothes. Yeah, they might still be just a little bit wet. I'll show you what's in the box. Now you ask yourself ahead of time, would your mom like these gloves? OK, ready. You ask, if you showed these to your mom, would she like them? OK, here we go. There we go. Can you see them? Do you think your mom would like those? What do you suppose? Is wrong with those. They're dirty, they're wrinkled up, Yeah. And if you got a little closer, you'd find some more things wrong with them. But thankfully it's been a little while. I want to show you something. This sock is kind of like most of you. It's got a couple little. Isn't that cleaner than this one? Yeah, that's cleaner. And you know why? Because I think most of you, if not all of you have a mom or your dad, dad that comes along and they see something like that and they go, oh, I don't like that, and they get rid of it. Or they help train it so that other people can't see it. And I see another one, a little one over here. And I see another little one over there. And I see another little one over there. And before too long, if Mom and Dad are real careful, it starts to look a little bit better. Anyway. Maybe they throw this one through the wash. Now, does this sock look better than the other one? Yeah, it says it look good. Not really, but it looks better, doesn't it? And you know, if you're just comparing these two socks and you have to put one on. How many want the one in my right hand? If you had to wear one, OK, how many would prefer the one on my left hand? We brought these out into the light too, didn't we? You only see outside, don't you? You only see the outside of these socks, it's not really in the light yet. Because you can only see the outside. What do you think I'm really getting at, Jonathan? You can't see the inside of people, and I can't see the inside of people. I can only see what comes out. And if your mom and dad are real diligent, maybe not a whole lot will come out that shows from the inside. But I want to tell you a real, real short little story. This is about a Doctor Muir, who's his name, and he went to a family and she had a little boy, and maybe he hadn't met that little boy before. So she wanted to show off her little boy to this doctor. I guess he'd been there a little bit. And she said, who do you think he's like? How many of you have seen a new baby and your mom or your dad or somebody else's? Oh, they have their dad's eyes and their mom's hair and oh, I think I see in their dimples their uncle. How many of you have heard something like that? Yeah, it's it's pretty common. They probably said it about you too, when you were born. You know what this doctor said? Who do you think he's like? The doctor answered. I think he's like Adam. I think he was talking about you. No, he was talking about that man who sinned in the garden, who's the father of all of us, and he has a life and a nature that's kind of rotten. You want to see what's inside the socks? You sure? OK, I'll show you what's inside the socks. If I take this sock and I turn it inside out so that the light gets to the inside, I can't even get it apart because there's various bits and pieces of junk in there. You know what? It's kind of kind of a mess on the inside, isn't it? Still look good now? No, because when the light shines on the inside, the God's light, it turns on a light and it shines inside and outside and it shows a big mess. And you know the other socks the same way. I think you already knew that. I don't need to open it out, so we'll save a little bit of time. The other socks just as bad, it's just as messy on the inside. And you know what? We all share

that messy.

Nature on the inside now. How many of you are glad that God is light? Oh, good. I'm still getting just about as many hands. That's a good thing. You know why I'm glad that God is light? It's the next part. But to get to the next part, I want to illustrate something. We'll talk about the verse that you quoted, the next part, the third part. But before I do, I want to illustrate it this way. You all have to tell me what this stuff is good for, so you each get one. You can. It's not very much. You can keep it. I think there's people in the room that could tell us, oops, sorry about that. Tell us. MMM, when they were boys and girls. What this stuff was good for? I gave everybody a regular US quarter. What's this good for? What's it do? OK, help me out. What's it good for? What can you do with that? You can spend it, you can buy things. These are good to buy things and what can you buy with 1/4? Not much. You're absolutely right, not much is the correct answer. Can you buy something? Yeah, not much snacks at your school. You can get some snacks at your school for 1/4. There's a few. Wow, your school must be subsidized. I don't think Paul's school is like that. How many of you in the room can remember when this would buy a whole gallon of gas? All right, there's. Well, look at all those hands. Wow. You know, when you go to a gas station, none of you have had to buy the gas, I'm sure. But when you go to the gas station, you know those big numbers. Out in front. Have you ever had your mom heard your mom or dad comment on them? Yeah. Are they this small? No. This would be, this would say a zero and then a period and then A2 and A5 on the big sign, do you think? You've ever seen a sign like that in front of a gas station not advertising a gallon of gas in your time, Not since any of you have been born. You know this bias thing. But what it buys changes. And one of you is right, It doesn't buy much. It's not worth much, but it buys things. That's what it's for. Yeah, that was that way back when you could get a gallon of gas for 1/4. And it's still true, still buys things. It just doesn't buy as much, does it? Yeah, it could. What do these things do? Do. What do these things do? What are they good for? Umm 2. Good. Yeah, power stuff. I have it here powering a flashlight. How many of you have picked up a flashlight with some of these in it and used it? Maybe not this kind of OK, all of you, just about not most of you. Anyway I can get this back on. We'll see. Important part about this was the batteries in it. I want to see if it's still OK. There we go. You think there's still some light in here? I hope so. I think there is. Yeah, it's a little bit of light. Is that a really bright light? No. Yeah, If we turned off the lights, that would be a big help. But it's not super bright. It used to be brighter, but these batteries have been in here a while. What happens to these batteries? They power things, but they die out. And one more thing, this one, what are these good for writing? This got returned to me on somebody wanted to take notes near me on Friday during the meeting and they started to write and they got about two words in and they returned this and said don't you have another one? What's wrong with it? It's out of ink, you know, this writes and these batteries, they give energy to things and this money you buy stuff with, but it all loses its value and it gets used up or it's worth less. Now let's go back to that verse and it says the blood of Jesus Christ his or God's Son cleanseth us from all sin. What does the blood of Jesus Christ do?

What does the blood of Jesus Christ do? Cleanses us from all sin. Was it worth more when your dad was born than it's worth now? How many agree with Anna? Maybe you didn't hear, she said. No. It wasn't worth more when her dad was born than when she was born. Has it lost maybe just a little bit of its power because it's already been used to cleanse? Most people in this room, I hope all is it may be worth a little bit less now. No, the blood of Jesus Christ, his Son, God's Son, cleanses us from all sin. It's worth just as much to God today. It was. It was the day when Jesus shed it on the cross. He cried. It is finished and he shed his blood and out came that blood and water. That blood is worth just as much to God today as it was then. How many of you have a toy that maybe you got for a birthday or is a gift? That you really enjoyed it was special. OK, good. Just about everybody. How many of you is it worth just as much today to you as it was then? Oh wow, a couple. I think if you went back through and you asked your dad or your mom or your older brother or older sister. And said those Legos you used to have, do you play with them as much anymore as you used to? Do you enjoy them like you used to? Do you think your dad would say, oh, yeah. Woody. Really. OK. Maybe we'll ask in another five years, because most things that people have just. They don't satisfy the way they used to. They're just not as good. But the blood of Jesus Christ, God's Son, cleanses us from all sin, and it's worth just as much to God as the day that Christ shed it. How about for me? Or for let's suppose you asked your dad. OK, I'll pick on you, Adrian, because you had your hand up a moment ago. If you asked your dad when I was born, did you appreciate the blood of the Lord Jesus as much as you do now? What do you think he'd say? You're not sure? Not sure. OK Oh, if you were to ask your dad, Dad, when I was born, did you appreciate the blood of Christ as much as you do now? What do you think he'd say? Yeah, exactly the same amount. Do you think I should ask him? Let let's ask him and find out. Is that OK, John? He says no, you appreciate it more or less more. The value to God is the same. But you know what? When you have the things of God, when you have the life that's in his family, you begin to enjoy more. You know, when I was your age, I wouldn't have said I was glad that the light showed everything. But the fact that God knows all of my sins and he put the mail under the blood of Christ, I'm a lot more appreciative of that now than I was then. Because, you know, I think when I was your age, I didn't know that socks could be turned inside out and how ugly they were on the inside, and I didn't know how ugly things were inside. And now that I know a little bit more. I'm glad the Lord Jesus knew all about that. Those are three things we've talked about so far and we have just a couple of minutes talked about the family and knowing the Lord Jesus and the life that he has. And bringing everything to the light and what the blood does. We've got one more. The last part, or one little piece at the end of the chapter. Got another picture? This one hangs in my office. Do you know who those people are? OK. Do you agree? All right, there's my family. This picture hangs in my office. And I want to show you something about the picture. You know, if you were to take that other picture, there's no glass in front of it. It was just temporary until we got our complete picture. But I want to try something. I didn't try this ahead of time, so I hope it works. And you'll have to pardon. I'll put a little bit of water in here and. And get my fingers wet, see if that'll do it.

Umm, I've got a little of this stuff with my wet fingers. I'm gonna. Oh. Oh, yeah. OK, that's working now quite as well as I like, but it's starting to work. And what do you suppose I'm doing? This picture. Am I making it better? No. Am I making it worse? What am I doing to it? Spreading chocolate on it. Yeah, I'm marking it up. I'm making it worse. Alright, Hmm. Maybe I didn't anticipate all that I should have here, but I've got some socks available. And I think they have to go through the wash anyway. So if I look at this, did I make the picture better or worse? Worse, I messed it up a little bit, didn't I? Did I mess it up? Yeah. Can you see that face quite as easily as before? No. You know, when we're believers, when we know the Lord Jesus Christ as our Savior, when we're washed with the blood, sometimes we do things that we shouldn't. Does that make it easier to enjoy God the Father or? That makes it harder, doesn't it? It gets in the way, it messes things up. Did I destroy that picture? I made it worse, didn't I? I sure did. I clouded it up. I made it hard to see. In fact, if I kept piling on more and more and more, it might get so bad that you'd say, Are you sure there are three people in that family? Because I only see two, right? I get hard to even see what the picture is about. Why didn't I really mess up the photograph that's in there? You want to take another close look? Yeah, there's glass on top. There's glass on top. I sure made it our deceit, didn't I? I messed it up. How many of you raise your hand if you think your mom? Would be happy to hang a picture like that on our wall all the way it is right now. What would your mom do if she saw a picture on the wall like that? Oh, OK. Go ahead, Jonathan. So you take it down and what would she do with it? Probably get a new frame. There might be an

easier way. Is there an easier way cleaning it? Yeah, I have a little bit of water here and I have a brand new clean handkerchief and I hope it does the trick here. I'll just put a little bit of water on the water and we'll clean that up and see if it doesn't look a little bit better. OK. Does that look better? Does that look better, you think? Yeah, a lot better. Has cleaned up. And you know what? That same person, that same one who says the blood of Jesus Christ, His Son cleanseth us from all sin. You know, sometimes we do things that are wrong and God wants us to. I'll read the verse. We're out of time. I'll read the verse. If we confess our sins, He is faithful and just to forgive us our sins. And to cleanse us from all unrighteousness, you know we have a forgiving God. If you know Him as your Savior, but you've sinned, He wants you to confess. It's not good to hang a picture like that on your wall. It's not good to live as though people couldn't look at you and see the Lord Jesus. I'm gonna finish with this story. There's a little boy and he knew the Lord is his Savior. He had a family life, that eternal life, and it was in him. And he was walking down the street and he was singing. You know what song he was singing? Umm, I did a minute ago. It was a song about the blood and it was umm, drawn from Emmanuel's veins. Help me with the first part of it. There is a fountain filled with blood. He was singing, There's a fountain filled with blood and he passed a policeman and the policeman knew the Lord as his savior too. So the policeman started to sing and when they were done, the policeman said, do you know the Lord is your savior? And he said, I sure do. A few days later that policeman was in the same area and somebody came up to him and he said. Do you know that song you were singing a day or two ago? You were singing with a little boy while I was standing with a woman and she heard you.

And when she heard you, she realized she was a Sinner that needed to be cleansed with that same blood, and she got saved. You know, for each one of us, what comes out is what's inside. If we're enjoying the Lord, it comes out. I don't know if that boy, the policeman got told. I don't know if that boy knows to this day, but he's going to find out someday. And he's going to find out that you heard about it. And maybe he'll find out that you thought about it and spoke up for the Lord Jesus when others were around. Let's let God's family life show in each one of us today.

Pella Conference: 2006, Facing Death Safe in the Arms of Jesus (4:14)

Children—S. Rule

Who has a number, a song that you'd like to sing? And we're going to. There are three things I didn't like when I gave out songs when I was the age of some of you and even. I didn't like it when they talked and talked and talked about the songs because I wanted to make sure I got my song in. So I'm going to give as many of you a. Second thing I didn't like is when they said you have to. Backpage because there's so many. Sometimes they said well, this thing, the 1st and the last verse, but if there's lots of verses, that's what they would do. But I'm going to do that maybe so that more people have a chance to sing. That's why we do it, so that other people have the chance to give out a song that they really enjoy. I think a lot of you enjoy the songs from here, So what if I think about the first one? OK. What number would you like? #41 he said. So somebody could start these for us. We'll start with that one. We'll sing all of that one of them. I tried her saying in glory. Glory. Glory. To God. We must start to say your extract is 1 to one. And I want to sin that much. To be called and why and being singing glory. Glory. Glory to God. Who else has a song you'd like to sing this morning? OK, we'll give you a chance. Which one would you like #9 OK, everyone heard that. #9. We'll sing the first and last verses of #9.

I have some wonderful things to share with you this morning, and we have about 1/2 an hour left to share them together. We're not going to get through all of them. Some of them, the most important ones, I want to share from this book. But to show you the difference between and the other things I have to share, I brought along things that aren't nearly as nice. I'll share a few of them here. First, while you say your verses, some of you at least get a chance to see a verse, and I'll just ask for the starters, at least if you had a chance to give out a song. Don't be the first one to say your verse this morning. Somebody that didn't get a chance to sing out, say this song. I'm sorry. Give out a song. Then they could say their verse first. OK, Thank you. The Father sent the Son to be the Savior of the world first. John 4:14. Good. That's the verse I learned too. You can come up if you'd like and pick something from the plastic bag that's in here. There's a few other things I need. Anything from in there you can have. Who else would like to say it? Okay.

Vara Sentosa and the Bishari of the world. First, John. 4:14 Good. Thank you. Who else? OK. Five years since the sun dived the savior of the world first. John 4:14, Thank you. The Father sent his son to be the savior of the the Son. World savior of the world first John 4:14. Thank you very much. You 2 girls can take something from that plastic bag in there if you'd like. Who else? OK. Brandon the Father sent the Son to be the savior of the world. First John 4:14 Good. OK anybody that would like to say something? All right, too, we'll get a few more. Say it. The Father sent the Son to be the savior of the world first. John 4:14 Good. You can take something if you'd like. Like you. You OK? Father sent the Son to be the Savior of the world first. John 4:14. The Father sent a son to be the Savior first. John 4:14. OK, now I have plenty for everyone. So those of you who didn't get a chance to say your verse yet, you can say it to me later if you'd like. I want to talk about. Okay. All right, thank you. Now there's some things that are nice. My little boy on the way here this morning, he said he had a book in his hands. And he said, I love this book. I'm going to keep it forever and forever. I think he said that because that's what I say about him sometimes. And so he said that about the book. You know where the book is, It's in the car. He didn't even remember it when we got out of the car to come in. It's in the car. You know, that's how we are with some things I used to really like. Superpowers. Does anybody like them? No. Well, what happens with a Super Bowl after you play with it for a little while? What's something that can happen to your Super Bowl? Anybody tell me what could happen to it? What might happen to it? It could get lost. You know, if I took this Super Bowl and I was playing and having a really good time

and I was bouncing the ball around and I was a little bit careless, it might just kind of vanish somewhere and I'm not quite sure where and it's gone, right? The other thing that could happen is, you know, sometimes when you're playing with a super ball and you're not supposed to and you're bouncing it and you're having a good time with that super ball and you're not supposed to be playing with it, what's another thing that happens besides it getting lost? Maybe you don't have a mom and dad like this. What might happen to it? Can you help me out? Let's see somebody that I haven't had a chance to hear from. Most of you I have, Okay? Can you tell me what might happen to it? If you're playing with it when you're not supposed to, What might happen to the Super Bowl? It might break. It might break. Yes, I've had some that got broken. Your parents might make you throw it away. Oh, you might throw it away. OK, maybe they might take it away. If I were playing this when I weren't supposed to and Mr. Highland were my dad, he might take that and put away in his pocket. So you can't play with it. Now, that's one thing that could happen. What's another thing? Anyone like Bubbles? I've seen some people that are lot older than you on the front rows having a lot of fun with bubbles. People can get this off if you take a bubble and. Can I blow bubbles? Is that allowed in here you think? Bubbles are nice. But. OK, can I blow a bubble? And blowing toward you. Aren't they beautiful? Can you see the colors shining from them? How long do you think they'll last? Of God, 60 seconds. OK, you use your stopwatch a lot. Good, that's good. And they're gone. You know, somebody play with them that sometimes. You know, what's another thing that happens if you're playing with bubbles? What happens when you're playing with bubbles? Having a really good time? You start to run around, you're blowing them outside the winds, blowing them along. And what's something that happens besides bursting and disappearing? What's something else that happens to those bubbles and they're gone? Yeah, you spill the bubbles, you're running along, you're not looking where you're going, and you kick it over and most of it just comes pouring right down and it's gone. I want to share with you some things about the Lord Jesus Christ that are going to me. The most beautiful thing about that verse is not just that a savior came to the world, but who it was that came.

Remember the verse that they all said the Father sent the Son? To be the savior of the world, right? He sent the Son, He just didn't send anybody. He said the Son, the Lord Jesus, we're going to talk about him a little bit, but I want to see first who was listening in gospel last night. So I was already thinking about the verse. And Mr. Highland, when he talked in gospel last night, he gave 2 examples from the Old Testament that he said were pictures of this verse and he told the story. Can anybody tell me? I've got a couple more of those super balls if you like them. In fact, I've got three. That would be about right. Who can tell me what pictures from the Old Testament? You're listening last night and that was important. Who can tell me what pictures from the Old Testament he talked about? Not just when you think of, but that he talked about? Just tell me one. Don't tell me more than one. He said that like Joseph with, he got sent into Israel. OK, that's pretty close. That's pretty good. He talked about Jacob sending Joseph, didn't he? And he talked about another one. Maybe that helps some of you get your memory started. He talked about another one. OK, there's three. Maybe you'll get a chance. He said he lost his bag. He said he lost his bag. That's good, that's true. That wasn't related to this first, though. Jesse sent David to the camp of the Israelites. Good. Jesse sent David to the camp of the Israelites. There you go. And there was another story. You remember the thing he said about a letter? No, OK, it's good. You know what? What did he say about a letter? Name. Well, he ran away from his master. OK, he was No. I don't remember that one going with this. We'll go with one more here. What was it? He said when he lost his fact that they sent him a letter and gave him 300 something. 300 something. Yeah, I think some people remember what those 300 somethings were and they. Okay, I'm going to give you something with that. That's not the story I was thinking. Would you like a horse? Okay. Not a big one. All right, He's what he talked about a letter. Well, if maybe you can ask your mom or dad later, we won't take the time to go through that story again. I want to talk about some wonderful things about the Lord Jesus. And it's not just how many of you have gotten a letter from the president. I've gotten a letter from the president. Most of you have. Have any of you gotten a letter from the president that said something of that about a Presidential Fitness Award? They still give them out. I know because at least as of a year ago they were still giving him out. Maybe it's the people that are older. I do you think he signed that letter and he came to give it to me personally, I think I got to meet him. I didn't get to meet him. I think there were. He signed one and then they made several million photocopies of it, or copies of it, or printed them, probably with several million of them, and they mailed it all out of everywhere. Would it be fun to meet the president? A year and a half ago, I had the president's daughter. She was in my class. Would it be nice to be with the president's daughter in your class? My president never came, never said hi to me. I don't think he has any idea who I am. But there's something that's wonderful, that's beautiful. The Lord Jesus came. Himself, the Father sent the Son to be the Savior of the world so that you could know Him personally. I want to tell you a story about the name of the Lord Jesus and then we'll look at some things in His word. In fact, maybe we should look at the first one in His Word. This one was referred to last night. If one of you could read it for me in your Bible, it's in Galatians chapter 2. Galatians, chapter 2. And verse 20, the last part of the verse. By the way, there's something for everybody. This is the first part of a puzzle. You know, Samson, the Bible, he liked riddles and puzzles. So I'm giving all of you a puzzle. I'm not going to tell you what the puzzle is, but this verse is the first part of the puzzle. So you'll have to think and listen. And if you think you know what the puzzle is, then raise your hand. But you won't know after one verse. Who could read Galatians 220 for all of us? OK, thank you.

I am crucified with Christ. Nevertheless I live yet not I, but Christ liveth in me and the life which I now live in the flesh. I live by the faith of the Son of God who loved me and gave himself for me. OK, thank you very much. The Lord Jesus Christ loves you the most wonderful thing. Last night we heard that verse 2. The Lord Jesus Christ loves each and every person in here. How many have heard that before? So anyway, that's the first time you've heard that. You know soap bubbles, they're fun the first few times, but if you had to play with if your mom and dad said you have to play with soap bubbles for the next 5 hours. Would you enjoy that? If they sit here, would you like to play and you played for 10 minutes then maybe. But if they said you have to play with them for the next 5 hours, what would you say? What would you say? I'm not going to. OK, I was afraid after I asked the question before I put the mic here. Yeah. So I'm. I think you know what? That's what some of us would do. Some of us would be disobedient. I should have said, what would you feel like? And that some of us would say, oh, no. I don't want to do that. Maybe inside, hopefully we would be obedient. But you know what? The Lord Jesus Christ loves us and it's good to hear about it over and over and over again. That's the first part of our puzzle. I want to tell you about somebody who had never heard, I don't think had ever heard a gospel verse before, who called to the Lord Jesus. It's very simple to talk to the Lord Jesus. This lady lived in a country called China and over in China where she lived back when she lived. I just have a tiny little one here to show you. There were a lot of maybe not this kind, but there are a lot of these. What's this? Who can tell me what this is? All right, what is it? It's a tiger, all right. I am sure that it was a bigger than this one. It was a great big tiger. And you know what she did for a living, something that none of your moms and dads do, I don't think. She went out and they had a lot of cemeteries up on the hillside where she lived. And so she would go out and they didn't have a lot of trees, but there are lots of long grass. And I guess the tigers lived in the long grass. So she would go out up near the cemetery, through the cemetery to where there was long grass up on the top of a hill. And she would take with her something called a sickle. Now, you read about sickles in the Bible, so you probably know what it is. Who can tell me what a sickle is? This was a small one, I take it. It was maybe not much more than about a foot, foot and a half tall. Who can tell me what a sickle is? Just one? How many of you have studied the Book of Ruth in

your Sunday School class? How many of you have heard about Ruth? They talked about Ruth. Did they talk about a sickle in your Sunday school class? Maybe not. Maybe if somebody could tell me what a sickle is. It wasn't you. I'm sorry. Can you tell me? It's a Crescent shaped blade with a handle that used for cutting grass. Good. It's a Crescent shaped blade. He said. It's abounding curve that means and it's got a blade on it, a little small thing and you take it and you grab some grass and you cut underneath it. I've seen people using a sickle and they cut it to grass. So she was walking up on her back, she had a baby tight on and she had another little small child by the hand. She was walking up the hill or sickle in one hand and you know what she meant coming the other way in the tall grass. Oh, you can guess, right? What did she mean coming the other way in the tall grass? OK. A lion? Well, in this case it was a tiger, a great big tiger and two little tigers. What do you think the mom tiger thought the lady was going to do? Uh, do you think she thought? I heard one of her babies. Yeah. She thought I was going to hurt one of her babies. So what do you think? That the tiger came and she jumped at the lady and the lady took her sickle. And you know what she did when she swung the little sickle at the tiger? She had never met the Lord Jesus, but one day, maybe some weeks before, she'd been walking through the marketplace. And as she walked through that marketplace, she heard a lady talking to some other Chinese ladies, telling them that Jesus was somebody who could help them. And as she walked through, she said, Jesus, as somebody who could help you. What came to her mind? That moment when the tiger jumped at her and she grabbed her little sickles in her hand. She took her sickle in the hand. She said, what do you think? All she heard was walking through a market. Jesus can help people. And so she said, oh, Jesus, help me. And she swung her sickle and she had to do it over and over again. And then all of a sudden the tiger, I don't think it was hurt at all, got up and walked the other way or ran away. And she was hurt and she was bleeding. She couldn't even walk. But she dragged herself to a town. And you know what kind of hospital she went to.

It was a hospital where there were Christians that told her about the Lord Jesus and she came to know the Lord as her Savior. Isn't that nice? Who was her Savior before she heard the word of God? Even before she heard more of the word of God? Who saved her life? Who did she call to to save her life? Christ, the Lord Jesus Christ, she called out to him and he saved her body. But then far more important, she came to know this person who loved her, who came to be her Savior to save her soul. Let's look at another spot. It's in the Bible and Luke's Gospel chapter 15. This is the second part of your puzzle. And I will read for you. All but one of these verses. I'd like one of you to help me read that last verse. This is Luke 15. And verse 4. What man of you having 100 sheep, if you lose one of them, doth not leave the 90 and nine in the wilderness, and go after that which is lost, until he find it. And when he has found it, he layeth it on his shoulders rejoicing. And when he cometh home, he calleth together his friends and neighbors, saying unto them, Rejoice with me, for I have found my sheep which was lost. So I'm going to read for me verse 7. OK. Read first seven for everybody. I say unto you, that likewise joy shall be in heaven over one Sinner that repented more than over 90, and nine just persons which need no repentance. Thank you. That's the second part of your puzzle talked about the Lord Jesus. Remember, I should go back and say clearly we want to know who this person is, who the Lord Jesus is the Son of God that came and we found out that he loves you. Here's someone who rejoices, bringing his lost sheep home. And there's one part of the story I want to think about with you. Does anyone want to get on my shoulders? You're willing to. OK, put down your two. Oh, that's going to lose one of those. Roll away. No, OK, that's fine. Now you're going to come on my shoulders. How would you like to be up on my shoulders? Any way I want? Is that OK? You ready? All right. Come on up. Like this. How's that? Is that good enough? Could I carry you this way? Am I strong enough to carry him like this? Yeah, well, we've got him here because you'll remember the verse. You'll never forget this part of the verse. I want you to turn to Isaiah and I want you to look at part of Isaiah. He'll remember the verse two, I'm sure, if we turn to Isaiah. And I think it's chapter 6. Isaiah sorry, it's taking me a while to turn there, but sure, I'm sure comfortable Isaiah chapter 6, he's on my shoulder. And I'm going to read something. I'm sorry. I always, I think 69 and it should be 96. Let's turn to a chapter Isaiah Chapter 9 and verse 6. For unto us a child is born. That's the Lord Jesus right unto us. A son is given, and the government shall be upon his. What's it say? The government shall be upon his shoulder. Did you see the difference there? Were you listening carefully? What was the difference between that verse and the one we read in Luke? Just a little bit different to that little part of it, right? The government shall be upon his. What was it again? Shoulder, it said, Right. He's on my shoulder, isn't he? Can I carry him on my shoulder? Yeah. And the government shall be up on his shoulder talking about the Lord Jesus. He can take the government of the whole world and put it on one shoulder. Shoulders are strong, right? I wouldn't want to carry him at arm's length. I couldn't do it. But on his shoulder, that's for strong as on one shoulder. Right now I'm going to do something else. Let's go back and read and look. You ready again? You still want to help me? Thank you. All right. Now, this is the way. This is the way I carry my boy when we're out walking. This is more comfortable for me. But I like it better. And I think he probably likes it better too. And it says that. How did that sheep get carried home? Can you go back to Luke?

Can you go back to Luke's gospel? Maybe you don't need to. Laid it on his shoulders. Oh, he did what? What did it say back there? Played on its shoulder. He carried it home on its shoulders. Yeah, he did. He carried it home on his shoulders. What's different about this? I can carry him around on my shoulder, can I? But isn't it nicer to be on both shoulders? Yeah, it's a lot nicer to be on both shoulders, right, if it's in the wrong world. The government, the whole world. One shoulder is good enough for the Lord Jesus, but if it's taking you home to be with Him in glory and keeping you safe the whole way, what does he use? He uses both shoulders, right? All the power of God to take you all the way home to where he is. That's what he is, and he goes home rejoicing. Now let's look at another verse in John chapter 14. This is the third part of your puzzle. Just raise your hand. This includes adults because this ones for you too. How many of you know what the puzzle is or think you do? I won't call on you, so you can just say you think you know you think you know you think you know. Good. Let's turn to this first. This verse I think will give it away for lots of the adults and some will still be confused. It's in John chapter 14 and we're going to look at a verse. If someone could read it for me. John 14 and verse 27. Someone would read that. Someone that hasn't had a chance to read yet could read John 14:27 for me. OK, thank you. Peace I leave with you, my peace I give unto you. Not as the world giveth, give I unto you. Let not your heart be Topper need to let it be afraid. Not a wonderful verse, the Lord Jesus. Man of peace, he's the Prince of peace. He's a person who was perfectly peaceful in his life and we don't have time to go into the whole verse, but here it says peace. I leave with you. Let me tell you just another illustration. Some of you have heard it before of what the peace that the Lord Jesus all kinds of things that talks. About in the scriptures about peace, but I'll just tell you one story about what it's like to have peace. Yesterday somebody else mentioned, I want to see if you were listening not just in the gospel meetings, wonderful to listen. Then one of the other meetings somebody talked about, well, they didn't talk about, but they mentioned World War 2. Anybody remember that you were listening carefully enough to hear that? OK, I'm going to tell you a story from that part. What? Who was it? Do you remember? If you don't know who it was, can you point to where they're sitting? OK, that's right. Mr. Brinkman mentioned something about World War Two. That sounds like a long time ago, but some people here were born during World War Two, and some people were old enough to remember World War Two, and some people are even older than that, and they were old enough to be worried all the way through it. And they were worried. But we want to talk about people that had peace during World War Two. These people lived in well, they were from the so it was called the Soviet Union, then they were from. What's Russia now? And they

invaded a place called Finland. And when they invaded Finland, there was a battle back and forth and a bunch of the Russian soldiers were captured. And they were put inside the basement of a town hall. And for some reason, seven of those soldiers were going to be killed the next morning. They were. I don't know what they did because not all the soldiers were going to be killed, but seven of them were going to be shot the next morning. Do you think they were enjoying the peace that it talks about in this verse? Would you be really comfortable if you were seated? The only escape from the town hall was up to us in the basement. I take it it didn't have any windows. The only escape, the only way out, was up through 1/4, and in that quarter there were lines of finished soldiers and their commander who told this story. Would you be enjoying that night, do you think? Maybe you're not sure. You can't picture yourself there. How many of you enjoy being trapped where you can't get out? How many of you have been wrestling with your uncle and they've pinned you down and you're wiggling around and you can't get out? How many of you are like that? Only one boy, Only a few of you. How many of you have been wiggling around, not being very good, and your dad or your mom have hung on tight and not let you wiggle?

A few more. All right. Sometimes when you're these people were completely trapped and they were worried and they were angry. You know, they grew up in a country at the time that was atheist. They didn't hear about the Lord Jesus at school. But their moms, some of them had heard about the Lord Jesus from their moms when they were young. And some of them were cursing and swearing and punching the walls until their hands were bloody. And one of them was seated there and he was just sitting. His head in his hands and he looked very sad but very thoughtful. And then after a little while, he set up. And he started to sing. What do you suppose he's saying? I would never have guessed. That would be a good guess. His song was a little bit different. He sang safe in the arms of Jesus, safe on his. I can't quite go to right help me save on this gentle breast, tender breast. I'm going to look it up. I have the song right here in my Bible, and I thought I had it remembered, but just at the moment I can't seem to remember it. So it says right here, safe in the arms of Jesus, safe on his gentle breast, there by his love, or shaded sweetly my soul shall rest. And he sang it over and over. And every time he sang it, he got a little bit happier, a little bit more content. And he sang it again and again and again. And I'll shorten the story to tell you. By the time that night was over, all 7. Of the people there that they were going to be killed the next morning, except that the Lord Jesus as their savior. They were going to be killed the next morning. And the soldier, by the way, the commander of the Finnish troops, he got saved too, because they started to quote verses they remembered from when they were children. They started to sing songs that they remembered when they were children and at all the Lord Jesus brought it by the Spirit, brought it all back into their minds that night. And every single one of those seven were going to be killed. Instead of cursing and swearing, they were let out and they said, can we sing one more time? And all seven of those men. Lifted up their hands to heaven, and they sang one more time That song that ends with Sweetly my soul shall rest. They had peace. They asked to have their eyes uncovered. And then everyone in those seven was sent into eternity by the bullets from those Finnish soldiers. But they all went straight with peace to the presence of God himself. Isn't that a wonderful thing? They went straight with peace. To the God of peace, because they trusted in the Lord Jesus Christ to wash their sins away in his blood, and they got to know a little bit that night about a God of peace. Now I'm going to skip over the next. Four. So those of you who are going through the puzzle, I'm going to skip over the next four and I want to talk about one more. We only have one minute left. This is a very important one. Let's turn to Matthew, chapter 27. Matthew, Chapter 27. And we're going to look at one other three member. We're talking about the Son of God and what he's like. We talked about how He loves you. We talked about how He takes you safely rejoicing home to heaven if you've trusted in him. We've talked about the peace that He gives. And then I said I was going to skip over. I think it's four more and maybe I counted wrong there. Sand down to Matthews Gospel chapter 27. Let's read just a couple verses. I'll read them quickly. Verse 27. Then the soldiers of the governor took Jesus into the common hall, and gathered unto him the whole band of soldiers. And they stripped him, and put on him a scarlet robe. And when they had plotted a crown of thorns, they put it upon his head, and a Reed in his right hand. And they bowed the knee before him, and mocked him, saying, Hail King of the Jews. And they spit upon him, and took the Reed, and smote him on the head. And after that they had mocked him. They took the robe off from him and put his own raiment on him, and led him away to crucify him. If somebody comes over on purpose.

Can I borrow you one more time? No. I mean, yes, OK, I comes over and buy you and on purpose, I'm not going to do it hard, but just for the illustration, on purpose, they stomp on your foot. And you respond nicely to them. What's that called? What's that called? OK, it's called. OK, that's right. It's called overcoming evil. I wasn't thinking of that word, but that's absolutely right. You can overcome evil with good by responding with good for evil. I was thinking of the word meekness. That's responding in meekness when somebody treats you badly and that respond by not fighting them back, that's responding in meekness. Now we're going to finish quickly. Who can tell me what the puzzle was? Some adult maybe? Oh, you think you know Bruce? Can you tell me what it is? The fruit of the Spirit is love, joy, peace, long-suffering. We were going well. I didn't expect we'd get to it, but if you want to look it up, there's lots of examples in the Bible. I'll just give you the verses so you can enjoy them later. So I have to go through it quickly. I won't remember them and I did write them down. The long-suffering, I was going to mention the Lord with each of his disciples and how with Philip he said how long a time he'd been with him and he didn't understand in John 14 and then long-suffering, gentleness. There's lots of examples of gentleness, but one is the Lord Jesus taking the children up in his arms and showing them love, gentleness of joy, peace, long-suffering, gentleness, goodness. There's many examples you can look at all over in Mark chapter 3 you'll find some about goodness faith. There's lots of examples. One we're going to look at was in Luke chapter 22, meekness we just did and self-control, temperance. The last one, lots of examples, but in Luke chapter 4 you can read an example of the Lord showing perfect self-control. That's the Son of God who came for each one of us. Let's turn to him in prayer.
