Dorothy Conference: 2005, Oversight (3:1)

Address—H. Brinkman

Turn to First Timothy, chapter 3. Verse one. This is a true saying if any man desire the office of a Bishop. You know there are three words used for the office of a Bishop, overseer, elder and Bishop. That's an office in the Ascension. There's a difference between office and tip. And it is desirable that one who is in the office of an overseer that he might be apartment to teach. He doesn't necessarily have to have the gift of a teacher.
