Lorneville Conference: 2012, We Have Christ (5:8)

Children—Dan Allan

And I guess there's some children's hymns on the back. Maybe we can sing some of them. Does someone have a song they would like to sing? Anyone have a song? Jake #41 around the throne of God in heaven will many children sing. That's a wonderful song and I think one of my favorite songs on this hymn sheet, the number 41. Around the throne of God in heaven will many children say. Children who sing are all forgiven well handily and some spring singing explorer. Children. But in heaven there are going to be many, many children around the Lord Jesus singing glory, Jesus, God on high. All right, someone else with a song they'd like to sing. Number one. That's a nice song. Almost persuaded. We don't usually sing that one in in Sunday school, but I really like that one. Almost persuaded. Maybe I'll get someone to start that for me. Let's now do we live. Almost. Christ and raising. Persuaded. Come from today. Almost persuaded. Turn on the way. She's a strange voice you'd hear. Come. Have you, if someone ever asked you to do something, you thought, well, maybe I'll wait a little bit before I do it. That ever happened to you? That's a hard question. That's happened to me, you know, one time I'll tell you, uh, maybe I shouldn't tell the story. The story is a bit of a scary story. I was in the water scuba diving one time and I was in a shipwreck going through it. And someone said to me, they said stop, don't go there. And they were, they couldn't talk to me with their hands. They were with their voice, they were using their hands and they said stop, don't go any further. Don't go any further.

But I just ignored them. I didn't listen to them and I kept going and I got a lot of trouble. And I'm thankful that the Lord Jesus saved me, that I had a second chance, that, you know, sometimes we're warned not to do things and we don't listen. And we should, we should listen. And you know who the one is that's telling us to, umm, who is inviting us? It says here, it says Jesus invites you here. The Lord Jesus is inviting us. Then we should definitely listen. All right, someone else have a song they like to sing Isaac. #32. What can wash away my sins? Let's sing the. Through it all, my righteousness, nothing but the blood. Season O fresh up is the floor that makes me whine. I saw no other fact. I know nothing but some blood of Jesus. You know, on Monday of this week, I got an e-mail. Anyone know what an e-mail is? Children? It's like a letter. And I got a letter that said we would like you to come to a special event on Wednesday. And it said you have to have an invitation. They said if you show up at the door and you don't have a printed invitation, you couldn't, you couldn't just go and say my name is my name is Danny, so I'm allowed to be here, they said. And I, I have a little phone and I could show them the e-mail. I could say, look, it says here that that I'm invited. And I thought, well, I'll just show up and we'll look at my phone and they'll say, oh, you can come in. And so I came with my phone and I took that phone and I showed him. And I said, look, it says right here, dear Danny, you are invited. And they looked at me and they said. Don't worry, they said you needed to print that out. They said it says right there you need to print that out in. And there is one way to get to heaven. We just sang about it and what is that way to get to heaven? One way that sometimes we think we say it's our title to glory. Alleys. Restaurant. The one way to get into heaven. Our invitation? Yes, Office. Yes, Jesus walking away our sins as we sing here. Nothing but the blood of Jesus. #3. Well, I guess we can say that let's sing this is a good song when we just talk about the blood of the Lord Jesus because that's the way that we need to have the number three. Let's just sing the first verse of #3. Something conspiracy? Umm. I can't talk to us. We let's pray, let's train far from really on his last name.

I hope I'm nothing left is built in Jesus and the blood he's built. Alright, let you know the verse from last week. Anyone knows the version last week if you have a few hands here. Caitlin, maybe you can give us the reference and so everybody can turn there and then we'll have some people say to buy the words and you know the rest. Roman chapter 5 and verse 8. Stop. Milford can stand up. Stop. All right, OK, uh, service case. God commanded his love toward us in the wild. That you know, and that while we were yet sinners, Christ died for us. Romans 5/8. Go command. This is locked without saying that while we are yet finished for a start date. Cobblestone and that while we were at the North Coast. By far. Roman chapter 5. Stop. For a Old Testament and I was thinking about it. So I just kind of sat down and I thought once you pay at all the little children. Stop. Was the interest in paying? Stop. 21St Can I know I need to read it a little bit differently, but I want to explain it in a way that the youngest child you can understand.

Can I read it a little bit of differently? I hope you will forgive me. Stop one. Stop. Those words Christ died for us while we were yet dinner. And I want to start with the 1St 2 words Christ die. And anyone here met a very, very, very important person? No, this week I was traveling and I talked to someone on Wednesday with. Dairy dairy important that exposed to his bags. And I don't know, one time I think my parents were invited was, uh, to. Be Powell in England and who lives in the palace, who lives there, who lives there? Queen Elizabeth. But then first talk to someone who is more important than both of those, and that is someone. Sir, that's all for you this morning and I hope you said every little noise earlier spoke to them this morning as well. And that is the creator of this universe, the Lord. We have Christ. And those first 2 words. Are some of the are probably the most amazing words in the whole file says Christ and die. Lord of Life bled and die if you don't. ***. We need to go in. Stop. Stop. Research the ships. I was talking about this breakfast. You know more passengers die on this ship than on the Titanic. If anyone know what ship that was? Stop. Beautiful clearances are going up and they can see a ship coming aboard them with a cold Earth and out of, uh, Disney, Nova Scotia. So do two things if they're coming towards each other and all of a sudden, guess what moves across the water? A big fall of cash and I will tell. The whole story is a long story. A long story and it's a very dirty, sad story. Those two ships ended up hitting one another and over 1000 people died.

But you know who is on that? There was 138. I think it was children. I'm going to enter that number because I have four children. Four in two girls are 138 children. You know how many boys? 1812345480. You know, like, by the way, you don't have any way to live on that ship. One boy, 730. Do you know how many girls are there? 3 girls. But there was a story. Come on, I tell you the story. But one of those girls, because it's like our first pricing died for us. Really girl in that **** from Amy's corner and she's only six years old at age where she was saying 14 minutes and her mommy was on the ship and her sister was on the ship and they only had one night shot. And the movie said, oh, I better

take mylife.com, give it to my little girl on YouTube. The life jacket off she gave us to the little girl. The little girl fell in the water and her squeezing cold water and there's a man there. She put our hands around the man's neck and that man stayed that little girl's door. She was the only one in her family. Cool diamonds. Well in this first it says price dot or I stop. You and for me, and that's a wonderful thing that they said, the person who made the stars and made the moon and made the bars, he died for you because he loved you. And then I want to read the last part of this verse. Stop. Stop.

While we were yes in her, so I'll only think about that in three parts, price, size, price guide for us and price guide for us while we were finished. Stop. That's quite a lot of it. That's why we're just one week. Remember that the Lord Jesus died correctly, that He showed His love given His Son. Stop one more song and then we can close your prayer #47. Winnie Thompson. Order is from. All of your 112, whatever you want. Lord Jesus loves to hear little children say, I believe. Infinite souls of the little children. Call stop you just pray that each one here that is of the age of understanding that they would put their trust and faith in the Lord Jesus. Not around the throne of God and have your each one singing glory be to God on the high. We just thank you for this verse. Christ died of our sins. Christ died for us. The same thing that we can remember a little bit now on the hour to come of what the Lord Jesus has done to our from the cross. You're saying for this is it worthy name of our Savior, never Lord and his presence?
